

New York State Senator Jesse Hamilton

FREE Lead Testing For Children

All of December & January

Mon to Fri: 8am to 10pm Sat: 4pm to 11pm Sun: 9am to 10pm

KāMIN Health

Crown Heights Urgent Care

555 Lefferts Ave. Bklyn, NY 11225

Call (718) 360-8074

If you answer YES to any of the following questions your child needs a lead test:

- Do you live in a home built before 1978?
- Have you recently scraped, sanded or repaired any painted surfaces in your home?
- Have you moved from another country or big city in the past year?
- Does your child have a playmate or sibling that has had lead in his or her blood?

Everyone with children under 6 should get tested

Young children are particularly vulnerable to the toxic effects of lead and can suffer profound and permanent adverse health effects, particularly affecting the development of the brain and nervous system. Lead also causes long-term harm in adults, including increased risk of high blood pressure and kidney damage.

Anyone any age who suspects that they may have been exposed to lead can be seen and tested at KāMIN Health - Crown Heights Urgent Care, **FREE** of charge during the months of December and January regardless of insurance coverage.
