The budget language should be replaced with the Executive's budget language for the Office of Inspector General (OIG). The Office of Inspector General (OIG) is responsible for ensuring that funds are used as intended and that the government is operating efficiently and effectively.

The OIG's proposed budget includes the following highlights:

- **$156.8 million for the Hurricane Sandy Federal Emergency Management Assistance Program (FEMA) Reimbursement Fund**
- **$116.5 million for the Office of Inspector General (OIG)**
- **$5.1 million for the Office of the General Counsel**
- **$4.1 million for the Office of the Assistant Secretary for Administration**
- **$2.5 million for the Office of the Assistant Secretary for Management**
- **$1.4 million for the Office of the Secretary**

The OIG's proposed budget includes a significant increase in funding for the Office of the General Counsel, which is responsible for providing legal advice to the agency. The Office of the Assistant Secretary for Administration also receives a substantial increase in funding, reflecting the importance of administrative support services.

The OIG's proposed budget also includes increased funding for the Office of Inspector General (OIG) and the Office of the General Counsel, reflecting the need for increased oversight and accountability at the agency.

We support the OIG's proposed budget for the Office of Inspector General (OIG) to ensure that funds are used effectively and efficiently.

Strategically supported Model Reform Provisions

not align with what we believe to be the best interests of our community.

We strongly support these parts of the Governor's proposed reform that will help and reform.

Bell Reform

progressive discovery reform bill will go a long way toward addressing such much-needed

wasteful, racist, and expensive justice systems.

We applaud the Governor’s efforts to reform our criminal justice system.
