RESTORING ACCOUNTABILITY TO STATE GOVERNMENT

We must restore accountability and trust to New York State Government. For far too long Democrats have turned their backs on checks and balances. We must fundamentally change the way Albany is doing business. Senate Republicans led the charge in ridding this state of Andrew Cuomo, and we will continue pushing for greater accountability in state government as we enter 2022 by:

- Reform JCOPE and empower the state Inspector General to provide real oversight.
- Protect victims of sexual harassment in state government by creating a joint commission on public transparency and sexual harassment, creating the crime of illegal employee retaliation, and extending the statute of limitations.

ENSURING SECURITY FOR OUR VULNERABLE POPULATIONS

Senate Republicans are committed to providing support and programs for New York’s most vulnerable, in addition to being fierce advocates for those who have served our Nation.

SENIORS:

- Increase support for nursing homes and elder care communities.
- Provide new tax benefits for family caregivers and expand home care options for aging New Yorkers.

VULNERABLE COMMUNITIES:

- Recommit to combat the opioid crisis with increased investment in prevention, treatment and recovery services.
- Make Kendra’s Law permanent, to keep our communities safe and guarantee the highest level of care and treatment for those with serious mental illness.

VETERANS:

- Double the funding for the Joseph P. Dwyer Veterans Peer Support.
- Increase funding for Local Veteran Service Agencies by supporting housing and services that increase awareness about issues faced by our veterans.

• End cashless bail for dangerous criminals and restore judicial discretion to keep dangerous criminals off our streets.
• Support and protect our law enforcement officers by providing them with the tools, skills and resources they need.
• Protect and prioritize crime victims and law-abiding citizens by increasing penalties for violent offenders and reforming our broken parole system.

ENSURING ACCESS TO A QUALITY EDUCATION:

• Expand school choice by eliminating or increasing the charter school cap to provide more options where they are needed, provide the ability for high-performing charter schools to expand, and infuse the system with quality education alternatives.
• Restore admissions testing for NYC Specialized High Schools.
• Oppose efforts to turn classrooms into venues for social experimentation and instead provide students tools they need to think critically, act responsibly and thrive in a competitive economy.

CUTTING NEW YORK’S HIGHEST-IN-THE-NATION TAXES:

• Enact a permanent cap on runaway state spending.
• Repeal unfunded mandates that drive up local property taxes.
• Reject the Senate Democrats’ radical plans to dramatically increase gas, home heating, and everyday-living costs.

REDUCING THE COST OF LIVING:

• Repeal outdated regulatory barriers that impact availability of affordable housing and protect the rights of property owners.
• Make childcare more affordable and available by cutting costly regulations, expanding the Empire State Child Tax Credit and the dependent care credit, and increasing support for employer-provided early childhood education and care.
• Mitigate the impact of the global energy crisis by providing nearly $300 million in energy tax relief.
