*"The Task Force is about unveiling that **connection between our everyday actions to politics and social change.** Then we can construct our lives doing what works to our benefit."*

- Robyn "Be" Baxter, Task Force Next Member

*"Being on the Millennial Task Force is a game changer for me. I deeply appreciate the opportunity to participate in government as a community member. It gives me a sense of purpose to serve my community in a proactive way. **Senator Brian Benjamin sets an example for other politicians, that young adults are highly intelligent resources that should be welcomed in your office and tapped into for solutions.**"*

- Eboni Mason, Task Force Next Member

**"Tackling our issues, Serving our neighbors,
Forcing change in our community."**
