**A Resource Guide**

**2018 – 2019 Edition**

**Courtesy of New York State Senator Liz Krueger**

**We have done our best to make this guide as accurate as possible with help from resources at the New York State Higher Education Services Corporation and the New York State Office of Higher Education. However, the various dynamic scholarship, grant, and award programs are always evolving. Over time it is common for these programs to change their qualifications, requirements, and allotments. Please feel free to contact Senator Krueger's office at 212-490-9535 or [lkrueger@nysenate.gov](mailto:lkrueger@nysenate.gov) if there are additional resources you think should be included in the next edition, or if the information you find in this guide has changed.**

Fall 2018

Dear Neighbor,

Higher education and life-long learning have become essential for success in our society. However, the costs of higher education have become unbearable for some, and burdensome for all. As a result of the rising costs, some high school students either do not see a college degree as a possibility, or turn their backs on higher education altogether because they do not understand the long-term benefit to their lives. No student in New York should forego a college education just because they or their family think they cannot afford it.

Therefore, we are very pleased to bring you this second edition of this informational booklet, compiled by state Senator Liz Krueger, about some of New York State's financial aid and academic support opportunity programs including Governor Cuomo's new Excelsior Scholarship, as well as ETA, HEOP, EOP, SEEK, College Discovery, C-STEP and Macaulay Honors. Many of these programs were designed to help young adults not just get into and afford college, but succeed academically and socially once they are there. All have contributed in creating upward socio-economic mobility for tens of thousands of students across New York State.

Four of the programs included were developed by esteemed former Assembly member Arthur Eve, a true leader in the fight to improve access to higher education for all New Yorkers.

We hope you find this information useful, and that you or someone you know may benefit from these programs. Please share this information with your family, friends, and colleagues, as well as school administrators, teachers, and counselors who can help us put this information to good use.

Sincerely,

A handwritten signature in black ink that reads "Liz Krueger".

Liz Krueger

State Senator

# FEDERAL & STATE GRANTS

A grant is "free money" for college. Grants do not have to be paid back. Applying for federal grants through the Free Application for Federal Student Aid (FAFSA) is your first step.

Visit the Federal Student Aid Office of the U.S. Department of Education website to get started <https://studentaid.ed.gov/sa/fafsa>.

Colleges may award grants based on various factors, including:

- Financial need
- Academic merit
- Artistic or athletic talent
- Course of study

Before pursuing other financial aid, get all the grants — free money — you can!

## Federal Grants

### Pell Grant

Federal Pell Grants are awarded to undergraduate students who have not yet earned a bachelor's or a professional degree. Pell Grants are based on financial need as demonstrated on the Free Application for Federal Student Aid (FAFSA).

### Federal Supplemental Educational Opportunity Grant (FSEOG)

The FSEOG is for undergraduates with exceptional financial need; students who receive Federal Pell Grants have priority. FSEOGs are awarded by a college's financial aid office based on information in the FAFSA.

### TEACH Grant

The TEACH Grant program provides grants to students who intend to teach in a public or private elementary or secondary school that serves students from low-income families.

## Iraq and Afghanistan Service Grant

A student who is not eligible for a Pell Grant, but whose parent or guardian was a member of the U.S. Armed Forces and died as a result of service performed in Iraq or Afghanistan after September 11, 2001 may be eligible to receive the Iraq and Afghanistan Service Grant.

## State Grants

### Tuition Assistance Program (TAP)

The Tuition Assistance Program (TAP), New York's largest grant program, helps eligible New York residents attending in-state postsecondary institutions pay for tuition. TAP grants are based on the applicant's and his or her family's New York State taxable income.

### Part-time TAP

Part-time TAP helps eligible New York residents attending in-state postsecondary institutions on a part-time basis pay for tuition.

### Aid for Part-time Study

The NYS Aid for Part-time Study (APTS) program provides grant assistance for eligible part-time students enrolled in approved undergraduate studies.

### Educational Opportunity Program

The Educational Opportunity Program provides assistance to NYS residents who are academically and financially disadvantaged, according to state guidelines. Learn more by visiting the Opportunity Program admissions office at your college of choice.

# NEW YORK STATE SCHOLARSHIP: EXCLESIOR SCHOLARSHIP

## Program Overview

The New York State Excelsior Scholarship is a program leading the way to tuition-free college for middle class New Yorkers. Governor Cuomo’s Excelsior Scholarship in combination with other student financial aid programs, allows some students to attend college tuition-free.

Founded in 2017, The Excelsior Scholarship is available to qualified students who wish to pursue an undergraduate degree at a SUNY or CUNY college, including community colleges and the statutory colleges at Cornell University and Alfred University.

The Excelsior Scholarship was founded on the principle that today; college is what high school was—it should always be an option even if you cannot afford it.

## Funding

A recipient of an Excelsior Scholarship may receive up to \$5,500. To determine the award amount, the 2016-17 resident tuition rate charged by SUNY (\$6,470) or CUNY (\$6,330) will be reduced by the amount of certain other student financial aid awards, which an applicant has or will receive for the academic year, including a NYS Tuition Assistance Program (TAP) award and/or federal Pell grant. The Excelsior Scholarship will cover any remaining tuition liability up to \$5,500; and a tuition credit will cover any remaining tuition expenses not covered by the Excelsior Scholarship.

*\*Note: Any award payment received may have tax implications. Any questions regarding this should be directed to a tax professional, the Internal Revenue Service, or the NYS Department of Taxation and Finance.*

# Applying to the Excelsior Scholarship

The application for the Excelsior Scholarship can be found online during the application period on the New York State Higher Education Service Corporation Website.

The application is divided into five parts:

1. General Eligibility
2. State-Awards and Income
3. Undergraduate Information
4. Consent and Affirmation
5. Submission

Please note: if you are already a recipient of an Excelsior Scholarship from a previous application period, you do **not** need to complete this application. You are a recipient if you signed and submitted the Excelsior Scholarship contract, even if you did not receive payment in the prior year.

To receive award payments after the initial application year, an Enhanced Tuition Awards recipient must complete the **Free Application for Federal Student Aid (FAFSA)** and the **NYS Student Aid Payment Application** each year.

## Requirements

**Financial:** Available for students whose families have a combined federal adjusted gross income of \$110,000 or less in 2018 and of \$125,000 or less in 2019.

**Academic:** Student must have either graduated from high school in the United States, earned a high school equivalency diploma, or passed a federally approved "Ability to Benefit" test, as defined by the Commissioner of the State Education Department. While pursuing an undergraduate degree, students must be enrolled in at least 12 credits per term and complete at least 30 credits each year (successively) with a passing grade, applicable toward his or her degree program.

Residential: Students must be a U.S. citizen or an eligible non-citizen, must be a resident of New York State, and have resided in New York State for 12 continuous months prior to the beginning of the term. After graduation students must live and be employed (if working) in New York State for at least as many years as they received the scholarship. If they do not meet the residency requirement, it becomes a no-interest loan, which you will then be required to pay back.

# **STATE SCHOLARSHIP: ENHANCED TUITION AWARDS PROGRAM**

## **Program Overview**

The Enhanced Tuition Awards (ETA) program provides tuition awards to students who are New York State residents attending a participating private college located in New York State. Recipients will receive \$6,000 through a combination of their TAP award, ETA award and a match from their private college.

Founded in 2017, similar to the Excelsior Scholarship, ETA will be phased over three years, beginning for New Yorkers making up to \$100,000 annually in the fall of 2017, increasing to \$110,000 in 2018, and reaching \$125,000 in 2019.

The 2018-19 State Budget expands the Enhanced Tuition Awards program to more students attending in-state, degree-granting private colleges that opt to participate in the program for the 2018-19 academic year. There are currently forty-three in-state, degree-granting private colleges that have opted to participate in ETA. To find out which private colleges are included visit The New York State Higher Education Service Corporation website.

## **Funding**

Recipients of Enhanced Tuition Awards will generally receive \$6,000 through a combination of their TAP award, ETA award and a match from their private college. The number of awards to be made under this Program is subject to available funding.

*\*Note: Any award payment received may have tax implications. Any questions regarding this should be directed to a tax professional, the Internal Revenue Service, or the NYS Department of Taxation and Finance.*

## Applying for ETA

The application for ETA can be found online during the application period on the New York State higher Education Service Corporation Website.

The application is divided into five parts:

1. General Eligibility
2. State-Awards and Income
3. Undergraduate Information
4. Consent and Affirmation
5. Submission

Please note: if you are already a recipient of an Enhanced Tuition Award from a previous application period, you do **not** need to complete this application. You are a recipient if you signed and submitted the Enhanced Tuition Award contract, even if you did not receive payment in the prior year.

To receive award payments after the initial application year, an Excelsior Scholarship recipient must complete the **Free Application for Federal Student Aid (FAFSA)** and the **NYS Student Aid Payment Application** each year.

## Requirements

**Financial:** Available for students whose families have a combined federal adjusted gross income of \$110,000 or less in 2018 and of \$125,000 or less in 2019.

**Academic:** Student must have either graduated from high school in the United States, earned a high school equivalency diploma, or passed a federally approved "Ability to Benefit" test, as defined by the Commissioner of the State Education Department. Students must be pursuing an undergraduate degree at a participating private college or university located in New York State, be enrolled in at least 12 credits per term, and complete at least 30 credits each year applicable toward his or her degree program, through continuous study with no break in enrollment except for certain reasons that can be documented.

Residential: Students must be a U.S. citizen or an eligible non-citizen, must be a resident of New York State, and have resided in New York State for 12 continuous months prior to the beginning of the term. After graduation students must live and be employed (if working) in New York State for at least as many years as they received the scholarship. If they do not meet the residency requirement, it becomes a no-interest loan, which you will then be required to pay back.

# OTHER STATE SCHOLARSHIPS & AWARDS

## SCHOLARSHIPS

### New York State Part-time Scholarship (PTS)

Award The New York State Part-Time Scholarship Award Program provides scholarship awards to students who attend a SUNY or CUNY Community College part-time and maintain a 2.0 GPA. Students can receive \$1,500 per semester for up to 2 years.

### NYS Child Welfare Worker Incentive Scholarship Program

The NYS Child Welfare Worker Incentive Scholarship Program grants awards for child welfare workers employed at voluntary not-for-profit child welfare agencies licensed by the NYS Office of Children and Family Services (OCFS). Recipients must agree to live in NYS and work at a voluntary not-for-profit child welfare agency licensed by OCFS for 5 years after graduation, and can use the award to get an associate's, bachelor's or graduate degree for not more than 2 years, 4 years, and 2 years, respectively.

### NYS Scholarships for Academic Excellence

Awarded to outstanding graduates from registered New York State high schools. Awards are based on student grades in certain Regents exams. For up to five years of undergraduate study in New York State.

### New York State Achievement and Investment in Merit Scholarship (NY-AIMS)

The New York State Achievement and Investment in Merit Scholarship (NY-AIMS) provides high school graduates who excel academically with \$500 in merit-based scholarships to support their cost of attendance at any college or university located in New York State.

### NYS Science, Technology, Engineering and Mathematics (STEM) Incentive Program

The NYS STEM Incentive Program provides awards for full-time study up to the annual tuition charged to NYS resident students attending an undergraduate program at the State University of New York (SUNY), or actual tuition charged, whichever is less, for the top 10 percent of students in each New York State high school if they pursue a STEM degree in an associates or bachelor degree program and agree to work in a STEM field in New York State for 5 years after graduation.

#### NYS Math and Science Teaching Incentive Scholarship

Provides grants to eligible full-time undergraduate or graduate students in approved programs that lead to math or science teaching careers in secondary education.

#### NYS World Trade Center Memorial Scholarship

Guarantees access to a college education for the families and financial dependents of the victims who died or were severely and permanently disabled in the Sept. 11, 2001 terrorist attacks and the resulting rescue and recovery efforts.

#### NYS Masters-in-Education Teacher Incentive Scholarship

The New York State Masters-in-Education Teacher Incentive Scholarship Program provides 500 top undergraduate students full graduate tuition awards annually, to pursue their Masters in Education at a SUNY or CUNY college or university. To be eligible, a student must be enrolled full-time in a master's degree in education program and agree to teach in a NYS public elementary or secondary school for five years following completion of his or her degree.

#### Senator Patricia K. McGee Nursing Faculty Scholarship

The Senator Patricia K. McGee Nursing Faculty Scholarship program seeks to increase the number of educators and adjunct clinical faculty teaching nursing education in New York State.

Military Enhanced Recognition Incentive and Tribute - MERIT Scholarship, also known as Military Service Recognition Scholarship (MSRS)

Provides financial aid to children, spouses and financial dependents of members of the United States Armed Forces or of a state organized militia who, at any time on or after Aug. 2, 1990, while a New York State resident, died or became severely and permanently disabled while engaged in hostilities or training for hostilities. For study in New York State.

#### Flight 3407 Memorial Scholarship

Provides financial aid to children, spouses and financial dependents of individuals killed as a direct result of the crash of Continental Airlines Flight 3407 on February 12, 2009.

#### American Airlines Flight 587 Memorial Scholarship

For the families and financial dependents of victims of the crash of American Airlines Flight 587 on November 12, 2001.

#### NYS Memorial Scholarship for Families of Deceased Firefighters, Volunteer Firefighters, Police Officers, Peace Officers, and Emergency Medical Service Workers

Provides financial aid to children, spouses and financial dependents of deceased firefighters, volunteer firefighters, police officers, peace officers, and emergency medical service workers who have died as the result of injuries sustained in the line of duty in service to the State of New York. For study in New York State.

## **Awards**

#### Veterans Tuition Awards

Vietnam, Persian Gulf, Afghanistan, or other eligible combat veterans matriculated at an undergraduate or graduate degree-granting institution or in an approved vocational training program in New York State are eligible for awards for full or part-time study.

#### NYS Regents Awards for Children of Deceased and Disabled Veterans

Provided to students whose parent(s) have served in the U.S. Armed Forces during specified periods of war or national emergency.

#### NYS Aid to Native Americans

Provides aid to enrolled members of tribes listed on the official roll of New York State tribes or to the child of an enrolled member of a New York State tribe. For study in New York State.

#### Segal AmeriCorps Education Award

Provided to New York State residents interested in high quality opportunities in community service.

# **EDUCATION OPPORTUNITY PROGRAM (EOP)**

## **Program Overview**

The New York State Educational Opportunity Program (EOP) provides financial aid and academic support to disadvantaged New York state residents who wish to pursue a state funded, public higher education. Founded in 1967, EOP is available to qualified students who wish to study on a four- or two-year State University of New York (SUNY) campus. In order to qualify for EOP funding, students must be both economically (see page 28) and academically disadvantaged.

EOP was founded on the principle of offering capable, underrepresented students, who did not perform at their full potential while in high school, the opportunity to succeed in college.

EOP now exists on 48 SUNY campuses. EOP graduates number more than 70,000. Most alumni continue to live in New York, enriching its economic and social fabric by working as physicians, teachers, scientists, engineers, attorneys, artists, entrepreneurs and public servants and, many have returned to SUNY to serve as EOP administrators and counselors who provide support to another generation of opportunity students. In 2018, SUNY's Educational Opportunity Program celebrated five decades of success.

EOP students can expect to attend a mandatory three to five week pre-freshman summer program, though not every institution offers this. For the 2018-19 academic year, 41 of the 48 programs offered the summer program, which is designed to teach students the skills they will need to succeed academically once the school-year begins, including: time management, writing, and study skills. The summer program also offers courses in the fields of math and writing.

Throughout the academic year, EOP continues to offer academic support for their students. Free tutoring and career counseling, as well as supplemental educational workshops are some of the many services offered by EOP offices.

## Applying To EOP

The application for admission to EOP is tied into the regular SUNY admissions application. On that application, there is a section, which asks the applying student whether or not they would like to be considered for EOP; once the student self identifies as interested, and the application is submitted, the process of evaluation by SUNY begins. The students' eligibility is determined based on household income, as well as previous academic performance, including GPA, SATs, and teacher recommendations. Students can also use the Common Application to apply to EOP through the same process.

*Note: You cannot apply for both the EOP and Early Decision/Early Action programs.*

## EOP Requirements

**Financial:** The student must be economically disadvantaged according to the standards set forth by the State Education Department (see page 28).

**Academic:** Must be inadmissible according to each college or university's traditional standards, based on high school GPA and standardized test scores. Therefore, standards vary so students are advised to look up the requirements for individual schools or contact the EOP office at the schools of their choice. To be eligible for EOP, applicants must be ineligible for admission under traditional standards, but demonstrate potential for completing a college-level program. As part of the EOP admission process, your high school record and test scores (if required) will be reviewed, as well as information about clubs, hobbies, jobs and any other experiences which made an impact on your education. This information will help college counselors evaluate your potential for success in a college program. You can view the EOP Freshman profile for each campus here: [https://www.suny.edu/media/suny/content-assets/documents/summary-sheets/EOP\\_profile.pdf](https://www.suny.edu/media/suny/content-assets/documents/summary-sheets/EOP_profile.pdf)

**Residency:** A student must be a New York state resident for at least 12 months prior to enrollment in EOP.

# HIGHER EDUCATION OPPORTUNITY PROGRAM (HEOP)

## Program Overview

The New York State Arthur O. Eve Higher Education Opportunity Program (also known as HEOP) is one of the country's most significant state funded programs for economically and academically disadvantaged students. Founded in 1969, HEOP programs exist at independent colleges and universities, providing funding and academic support to their students. With 55 HEOP programs throughout New York State, offering a wide variety of academic courses in major fields of study, HEOP gives those students who might not otherwise have the chance to pursue higher education, the academic and economic tools they need to succeed.

## Academic Support

In addition to economic assistance, most students accepted into the HEOP program must complete a pre-freshman summer program. Recognizing that students may need extra academic assistance before the regular school-year begins, the summer program provides students the intellectual tools they need to succeed in college. Courses often focus on study skills, analytical writing, and effective research methods. Throughout the school year, HEOP offices work with each student individually, offering academic and career counseling, as well as free tutoring and developmental/supportive courses that teach important life skills like time management. The typical HEOP student is one who has the ability and motivation to succeed but has not yet been given—or fully taken—the opportunity to prove him or herself academically. The student may not be accepted under typical academic admission standards. In order to be eligible for HEOP, the student must meet both the academic guidelines established by each individual institution, as well as economic standards set forth by the state Education Department (see page 28).

## Applying To HEOP

To apply for admission to a Higher Education Opportunity Program (HEOP), request an application from the institution that you are interested in attending. There are 55 HEOP programs

throughout New York State, offering a wide variety of academic courses in major fields of study. Specific information can be obtained by writing to the HEOP program on that campus. A roster of HEOP programs is listed at the end of this brochure.

*Note: Many independent colleges require you to apply by February 1 of the year you intend to begin. This date varies at each campus. Please plan to apply as early as possible.*

## **HEOP Requirements**

**Financial:** The student must be economically disadvantaged according to the standards set forth by the state Education Department (see page 28).

**Academic:** Be educationally disadvantaged. An educationally disadvantaged student is a student who otherwise would not be accepted as a matriculated student under the institution's normal admissions standards in the degree program for which application is made. At open admissions institutions, an educationally disadvantaged student must meet one of the following criteria:

- a) Possess a high school equivalency diploma; or
- b) Possess the equivalent of a GED; or
- c) Have no high school diploma; or
- d) Meet other acceptable academic criteria, which differentiate the HEOP student from regularly admitted students (e.g., lower test scores, lower GED scores).

Contact information can be found on pages 31-33.

**Residency:** A student must be a New York state resident for at least 12 months prior to enrollment in HEOP.

# SEEK & COLLEGE DISCOVERY

## Program Overview

Search for Education, Elevation, and Knowledge (SEEK) and College Discovery were the first higher education opportunity programs introduced by the State of New York. As part of the City University of New York (CUNY), SEEK and College Discovery provide supplemental academic and financial support to New York state residents from disadvantaged backgrounds who wish to study at two- or four-year CUNY colleges.

College Discovery was initially established in 1964 by the Board of Higher Education as an experimental program created in the spirit of the Civil Rights Movement to prove that those historically excluded from higher education could obtain a degree given the right assistance. The program proved successful and was permanently established in 1969, and can be found on CUNY community college campuses. SEEK got its start at the City College of New York in 1965 and was written into New York State law the following year. Today there are eleven SEEK Programs across the University, one Program in each of the eight senior and three comprehensive colleges.

Over the past 50 years, SEEK and CD have changed the definition of who is “college material.” They have opened the doors to a CUNY education for hundreds of thousands of students who were less likely to attend college because they do not come from a wealthy family or because they did not perform up to their potential in high school. SEEK and CD students demonstrate that your past need not determine your future. This aid is in addition to the financial aid that is available to regularly admitted students, and the primary purpose is to cover college-related expenses like books and supplies.

## Applying To Seek & College Discovery

Eligibility for these two programs is dependent on the student’s economic need and academic standing. The student must be economically disadvantaged according to the guidelines set forth by the State Education Department (See page 28). For SEEK, the academic standards can differ

among each program, but in order to be eligible, the student must be determined academically inadmissible under CUNY general admissions standards. These standards are based on high school class ranking, GPA, and SAT scores.

College Discovery has a more specific standard for the students' academic standing: the high school average must be less than 80% with them ranking in the lower two-thirds of their high school classes. In order to be considered for either of these programs, it is required that students fill out the Special Programs section of the CUNY admissions application, as well as submit the Free Application for Student Financial Aid (FAFSA) and apply for state TAP. Not all applicants who are eligible based on income and academic standards can be accepted into these programs. Therefore, it is recommended that interested students turn in their forms as early as possible to increase their chance of acceptance.

Once accepted into SEEK or College Discovery, unless they are exempted by their Regents or SAT scores, students must take the CUNY basic skills assessment tests. These exams test the student's basic reading, math and writing skills. The exams are designed to determine each students' areas of academic weakness; if they do not pass one or more of these tests, they are required to attend a pre-freshman summer program to bring their skills up to a level that will help them to succeed in a college environment. A student who fails one of the three tests but does not attend a pre-freshman program cannot be admitted into SEEK or College Discovery. Some of the SEEK and College Discovery programs require that their students attend a pre-freshman summer program regardless of their performance on the skills assessment tests.

Upon first arriving at their CUNY school, SEEK and College Discovery students are given a variety of forms of academic assistance, known as "supplemental instruction." SEEK and College Discovery use a large portion of their annual budgets to fund counselors and academic programs that ensure the success of their students. Among the areas students will find assistance with are guidance in selecting a major and a minor, personal challenges, career advisement, and graduate school preparation and application. Support services also include workshops in time management, how to cope with stress, as well as tutoring and peer study groups.

The financial and academic support provided by these programs, in conjunction with their hands-on counseling approach, have proven highly affective. First year retention rates in SEEK and College Discovery are higher than for non-program students.

## **SEEK & COLLEGE DISCOVERY REQUIREMENTS**

**Financial:** The student must be economically disadvantaged according to the standards set forth by the state Education Department (see page 28).

**Academic:** To be eligible for SEEK or College Discovery, students must be deemed "academically disadvantaged" as defined according to the regular admissions criteria established by the CUNY four-or two-year college the student wishes to attend. Contact the SEEK or College Discovery office at the college of your choice directly for more information. Contact information can be found on page 38.

**Residency:** A student must be a New York state resident for at least 12 months prior to enrollment in SEEK. For College Discovery, a student must be a New York City resident for at least 12 months prior to enrollment.

# COLLEGIATE SCIENCE & TECHNOLOGY EDUCATION PROGRAM (C-STEP)

## Program Overview

In 1986, New York State founded the Collegiate Science and Technology Entry program (C-STEP), and since then it has grown to 51 programs at both independent and public four-year and two-year postsecondary institutions. The program was created with the purpose of increasing the number of historically underrepresented and economically disadvantaged students in academic programs that lead to careers related to the fields of math, science and technology (MST). Healthcare, education, and law are also among the fields included in C-STEP-targeted professions.

## Funding

**C-STEP IS NOT A FINANCIAL AID PROGRAM**; the funding each program receives is used towards the multitude of student services offered by C-STEP. These services include tutoring, career counseling, graduate school application assistance, as well as research opportunities.

Additionally, C-STEP helps students find internships in their field of study and often connects them with faculty or professional mentors. Some programs offer a summer preparatory program. C-STEP supports students interested in graduate school with access to courses that will help them prepare for tests like the MCAT and LSAT.

## Applying To C-STEP

In order for a student to be eligible for admission to a C-STEP program, they must first be admitted to a school with an existing program. Unlike other opportunity programs, C-STEP is a program designed for students who have performed well enough academically in high school to be admitted to their school of choice under regular applicant standards. Once determined

academically admissible, the admissions department is then responsible for identifying those students who would be further eligible to participate in C-STEP.

C-STEP students must either be of minority descent (African American, Hispanic, Native American or Alaskan Native) or be qualified as economically disadvantaged according to the same state Education Department standards used for EOP and HEOP. Once enrolled in a C-STEP program, the student is required to remain in good academic standing each semester as defined by their college.

## **C-STEP Requirements**

**Income:** The student must be economically disadvantaged according to the standards set forth by the state Education Department (see page 28).

**Academic:** Must be admitted to the college or university under traditional standards. Students have the option to apply to C-STEP even after their freshman year. C-STEP students are required to remain in good academic standing at their school in order to remain enrolled in the program. For contact information, see page 30 - 39.

**Residency:** A student must be a New York state resident for at least 12 months prior to enrollment in C-STEP.

# William E. Macaulay Honors Program

## Program Overview

The Macaulay Honors College provides outstanding educational opportunities for academically gifted students from the five boroughs of New York City and beyond. Its program is designed for students who have demonstrated scholastic strength and broad intellectual curiosity through their high school academic records, standardized test scores extracurricular involvements and other academic criteria. The Macaulay Honors College is on eight CUNY campuses: Baruch College, Brooklyn College, City College, College of Staten Island, Hunter College, John Jay College of Criminal Justice, Lehman College and Queens College. For more information, you could visit [macaulay.cuny.edu](http://macaulay.cuny.edu).

Macaulay offers all of its students a merit scholarship package that includes tuition, a laptop computer, Cultural Passport and access to the Opportunities Fund. Students who meet CUNY New York State residency requirements for in-state tuition have the opportunity to graduate free from tuition debt thanks to the tuition scholarship. It covers four years of undergraduate study excluding fees and expenses.

## Applying to Macaulay

### 1. Determine Your Eligibility For Macaulay

Check the financial, academic, and residential requirements listed in the “Macaulay Requirements” section below.

### 2. Make Your Home Campus Choices

Macaulay Honors College students take most of their courses at their home campus.

When you apply, you must select which of the eight partner campuses you would like to designate as your home campus; and you may select up to six on your application and list them in order of preference.

### 3. Assemble What You’ll Need From The Checklist Below

- a) Official High School Transcripts
- b) SAT or ACT Scores

- c) Two Letter of Recommendation
- d) Essays (Questions can be found online)
- e) Application Fee (CUNY may waive its application fee for students in special financial or other circumstances.)

4. Apply Online By December 1<sup>st</sup> At 6:00 PM

The application is available on CUNY's website and must be completed online. You'll be directed to create a CUNY portal account first and then to a special section for Macaulay applicants.

## **Macaulay Requirements**

Financial: N/A

Academic: First-time college student, Macaulay does not accept transfer students or any students that have attended classes at a post-secondary institution after high school. Contact information can be found on page 39.

Residential: Macaulay accepts student from all over the globe. However, you must meet CUNY New York State residency requirements for in-state tuition to receive the full tuition scholarship.

# GENERAL INCOME REQUIREMENTS

Income standards and household categories are universal across all state funded opportunity programs (HEOP, EOP, SEEK, College Discovery, and C-STEP). **Income standards are subject to change every academic year!**

## NEW YORK STATE OPPORTUNITY PROGRAMS INCOME ELIGIBILITY CRITERIA 2018 – 2019

Number in Household (including head of household)	Annual Income in 2016 Calendar Year
1	0 - \$22,311
2	\$22,312 - \$30,044
3	\$30,045 - \$37,777
4	\$37,778 - \$45,510
5	\$45,511 – \$53,243
6	\$53,244 - \$60,976
7	\$60,977 - \$68,709
8	\$68,710 - \$76,442

For families/households with more than 8 persons, add \$7,733 for each additional person.

### INCOME GUIDELINES DO NOT APPLY IF:

- The student's family is the recipient of Family Assistance or Safety Net payments through the New York State Office of Temporary and Disability Assistance; or through a county Department of Social Services; or Family Day Care payments through the New York State Office of Children and Family Assistance;
- The student is in foster care as established by the court;
- The student is a ward of the state or county.

## TALK TO YOUR GUIDANCE COUNSELOR

Making an appointment with your school's guidance counselor is one of the most important steps for you to take in your college application process. Among the ways that your guidance counselor can be helpful include giving your ideas about a variety of schools that offer academic programs that can satisfy your academic and career aspirations, help you and your family better understand the application process, and they can even help you arrange college visits.

You can also find a great deal of information online that will make your application process easier, and more effective.

For instance, the New York State Higher Education Services Corporation (HESC) maintains a comprehensive website for students, families, and counselors.

**<http://www.hesc.com/content.nsf/>**

HESC offers advice on such topics as "College and Career Planning" which can make choosing a college easier, as well as provide you a calendar of college fairs taking place in your area. A second resource HESC offers, "Paying for College " has a wealth of information on New York's College Savings Program, as well as other grants, scholarships and awards, among other items.

There are also a number of organizations (and in some instances, colleges themselves) who have online resource guides to help you best prepare for examinations like the SAT, complete a strong college application, and write the best college essay that you can. As a word of caution, some cost money, many do not.

## Where to find ETA

### **Adelphi University**

1 South Ave, Garden City,  
NY 11530  
Office #: (800) 233-5744
