

Dear Neighbor,

As your State Senator, I am committed to ensuring that my office serves as a resource to those I am honored to represent.

One of my top priorities is to be a voice for young people throughout the State. Throughout my career, I have had the privilege of hosting and working with hundreds of interns and graduate fellows in both my Albany and District offices. I believe strongly in engaging young people in opportunities and programs that will expose them to new potential careers.

With the invaluable assistance of Monica Garay, the 2018 Terence D. Tolbert Public Service Internship Program Graduate Fellow, my office has assembled this important resource guide. I hope the programs featured will encourage young people to explore new opportunities, engage in leadership development programs and gain experience in exciting career paths available to them.

I hope you will share this information with a young person in your life. This brochure is just a small sample of the opportunities available. To request a copy of the full guide, please call 718-643-6140.

If you know of a program that you would like to see featured in a future edition of this brochure, please e-mail the information to montgome@nysenate.gov.

In partnership,

Velmanette Montgomery

State Senator Velmanette Montgomery
25th Senatorial District

Senator Velmanette Montgomery with Dr. Rudy Crew, President of Medgar Evers College and CUNY and SUNY students she has been privileged to host in her office. (l to r: Fabian Smith, Legislative Aide and alumnus of the NYS Democratic Conference Internship Program; Joanne Marius, 2018 NYS Senate Undergraduate Session Assistants Program; Monica Garay, 2018 CUNY Terence D. Students from South Brooklyn Community High School present Senator Montgomery with an award in recognition of her leadership in the fight to save transfer schools in New York City.

THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY
<http://www.jointheportauthority.com/pages/internship-program>

The Port Authority of New York and New Jersey builds, operates, and maintains the area's airports, bridges, tunnels and seaport network which supports more than 550,000 regional jobs, and generates more than \$23 billion in annual wages and \$80 billion in annual economic activity.

The Port Authority offers premier training and internship programs in a variety of areas for both undergraduate and graduate students. These programs are designed to help you develop a comprehensive tool kit of experience and skills needed to prepare and compete for future leadership positions within the agency.

Leadership Fellow Program
A two-year, rotational program for graduate students that provides experience in planning, finance, general management and administration and facility operations. After successful completion of the program, Leadership Fellows will be considered for key positions in areas such as facility management, finance, planning, project management, or related business functions.

Operations Fellow Program
A two-year, rotational program for students who have an interest in operations management in one of our lines of business (Aviation, Tunnels, Bridges & Terminals, Port (Maritime) or PATH (Rail).

Engineering and Architecture Associates Program
A two-year rotational program for undergraduate and graduate students. Opportunities exist within 12 different disciplines. The work assignments are designed to expose you to the different functions of the Engineering Department and provide you with broad exposure to the various functions within engineering. In their second year, Associates begin working in their permanent assignment.

Internship Program
This internship provides graduate and undergraduate students the opportunity to work with knowledgeable and experienced professionals on assignments related to the student's major.
