PROSTATE CANCER AWARENESS MONTH

September is Prostate Cancer Awareness Month, a month dedicated to educating people about prostate cancer and the early detection strategies that have proven to be essential to the lives of those battling prostate cancer. Remaining the second leading cause of cancer-related deaths amongst American men, prostate cancer statistics show that one out of every nine men will be diagnosed with prostate cancer in their lifetime. There are no noticeable symptoms of prostate cancer while it is still in the early states, making screening critical. This month, educate yourself and your loved ones on the symptoms and dangers of prostate cancer. Visit <http://stepup.pcf.org/> to learn more.

MEDICARE CARD SCAM ALERT

Despite what scammers say, new Medicare cards are free. In order to eliminate the risk of identity theft, the government is in the process of replacing old Medicare cards, which contain a recipients Social Security number, with new cards that contain an 11-character identifier. The card is mailed automatically, so any call asking for personal information or proposing a fee to be paid is a scam. Suspicious calls can be reported by calling 1-800-MEDICARE (1-800-633-4227). Once you have received your new card, please remember to shred your old one.

+++++

REAL ID CARDS

Are you REAL ID compliant? Beginning on October 1, 2020, if you wish to board a domestic flight or enter certain federal facilities, you must have a REAL ID. Standard state licenses will only be valid for driving. Enhanced licenses, which cost an additional \$30, can also be purchased in order to be REAL ID compliant. Click [here](#) to find out which ID is right for you.

SOCIAL SECURITY CARD REPLACEMENT

New online services are now available for residents of New York for replacement Social Security number card requests. The [portal](#) allows people to replace their Social Security card from home, without having to travel to a Social Security office. If you are a U.S. citizen, are 18 or older and are a resident of New York, you can request a replacement card by creating a My Social Security Account online.

HELP STOP THE LIRR'S FARE HIKE

Last week, I joined Majority Leader Flanagan and the Senate Majority's Long Island Delegation at the Bethpage Train Station to announce our efforts to force the Long Island Railroad (LIRR) to provide fare relief to the region's long-suffering commuters. The MTA continues to make illogical attempts to drive up costs for commuters by proposing a 4% increase in the monthly LIRR commutation ticket. The MTA needs to ensure proper and reliable service before another dollar is taken from Long Island commuters. Despite significant unreliability, equipment failures and delays, they continue to place a tremendous burden on working Long Islanders. Any residents or commuter who would like to join the call for the MTA to provide riders with better service before considering fare increases are encouraged to [sign my petition](#).

HANNON IN THE COMMUNITY

Recently, I attended the Levittown Soccer Club Annual Opening Day ceremony at General Douglas MacArthur High School and the Island Trees Soccer Club Opening Day event at Michael F. Stokes Elementary School. Pictured above on the left are the Goal Getters and on the right are the Levittown Soccer Gumballs.

I was proud to attend the Levittown Island Trees Youth Council Presidents Dinner at the Wantagh Inn. Pictured above is Mike Nelson, Executive Director (holding the citation) and members of the council.

Last weekend I enjoyed a beautiful day at the Garden City South Street Fair on Nassau Blvd. It was a pleasure to meet with constituents throughout the day.
