

Dear Friend:

I am reaching out to you with important information for all those who wish to seek employment in this uncertain economy. A countless number of families that I represent have been overwhelmed by these tough economic times. Many have contacted my office to express their need for assistance in finding employment. I recognize that conducting a successful job search can be a full time job in itself.

As your State Senator, I have been committed to helping citizens find jobs in our community and helping those that have been hit the hardest by the economic downturn. Therefore, I am proud to provide these job search resources that should go a long way in helping struggling families find the job that could help lift them out of this recession. While these times make it difficult it is not impossible to find such job opportunities. Good jobs at good wages are vital to New York families making it my mission to help you along the way.

This brochure includes some basic information on job search tools that are of great help to all those unemployed or considering a career change. I hope that you find this information on the different tools to help you to be both helpful and informative. As always, please feel free to contact my office if I or my staff can be of any assistance.

Sincerely,

Antoine M. Thompson  
New York State Senator  
District #60
