Dear Neighbor:

One of the greatest honors I have as your elected representative is to lend my voice to causes that are important to you, whether in Albany or back here at home in Queens. In my years of serving our area, it has been my belief that the best ideas on how to improve our communities and our state come from my constituents.

As we move into the winter season, it is more common for you to notice issues affecting your home, block and larger community. It is with this in mind that I am proud to share with you my Quality of Life Action Survey. Please review the attached list of common problems we might face in our communities.

However, should your problem be unique, please give us a detailed description at the bottom of the questionnaire. Please mail this form back to my office and we will be happy to look into the issue on your behalf. In order to achieve a positive conclusion, please remember to include your name, address, phone number and e-mail address. This will allow my staff and I to check in with you and measure the progress being made on your concerns.

As always, my district office is available to assist you with any issue you may have accessing government services. Feel free to visit us, at 32-37 Junction Blvd., East Elmhurst, New York 11369; or to call **(718) 295-3881**; or to email jperalta@nysenate.gov.
