Dear Attorney General Schneiderman:

After a series of meetings with leaders in New York's car service and livery industry, I need to formally request for your office to investigate claims involving American Transit Insurance Company insofar as they are licensed through the New York State Insurance Department.

My concern is that there are injured livery drivers whose legitimate claims are turned away, denied, or not paid timely. The base owners feel they have no clout to raise questions or concerns and fear retribution.

Thank you for your attention to this matter, and please feel free to contact me if there is any further information I may be able to provide.

Sincerely,
