

Good Morning ,

**My name is Shannon Terrell . I'm a mother of 3 and on social security
I'm also a North west Bronx resident in Bedford Manor buildings.**

**Due to the mold in my apartment and leakage in the apartment for the
last two years my son had developed asthma and other chronic
issues. My health coverage is unable to cover a breathing machine for
my 2 years old. What am I supposed to do ? I can't get repairs done to
have a healthy living for my son. I need a Health Care that pays for all
children living in bad housing conditions!!**

Thankyou
