

NY State of the Climate

What Our State Can Do To Stop Climate Catastrophe

With Washington abdicating responsibility to join every other nation on Earth in the fight against climate change, it is more important than ever that New York take a lead role in the transition to a carbon-free future. Join a panel of advocates for discussion of where New York fits in the global context, and what state-level solutions should look like.

Thursday
September 27th
6pm to 8pm

Marble Collegiate Church Loft
276 Fifth Avenue
Btwn 29th & 30th Streets
Manhattan

Speakers will include:

- **Bill McKibben**
