Joseph Martens, Commissioner
New York State Department of Environmental Conservation
625 Broadway
Albany, New York 12233-0001

Dear Commissioner Martens:

On Monday, May 5, the New York State Department of Environmental Conservation accepted as final CWM's application to expand its hazardous waste landfill disposal operation in western Niagara County and announced the start of a 60-day public comment period.

CWM's past and current operation and its plans to expand continue to be of great significance for the communities of Niagara County. The complexity of this issue and the consequences of this application compel an adequate time for our constituents to consider and comment on it. Therefore, we are writing to request that this comment period be extended to 120 days.

We look forward to a speedy and positive response from you regarding our request. As always, we are available at your convenience to further discuss this matter.

Sincerely,
