

Earth Day

Earth day is every year April 22nd People celebrate earth day to remind people to protect the planet from pollution and to keep the environment clean and safe. What some people do to celebrate Earth Day is have a picnic or a barbecue.

Our Earth is very important it gives us water, soil and sun. All of us should help make the earth a better place!

Let's make the earth a wonderful home for me and you.

Be sure to recycle!!!

And make everyday Earth Day

Have a Very
Wonderful Earth Day!
