

# Earth Day is Magical

## By: Layla

So I am here today and we are going to talk a little bit about Earth Day, and how much I love it. The Earth is a magical place we live on, so when you see trash on the ground you should pick it up.

This is pollution and this is bad for our lungs and it is in oxygen and that's bad.

Would you be sad if you saw this? I would because people leave trash everywhere.

These are found on the ground everywhere.
