

# Save the Earth

By: Amai Disabunjong

***Oh my lovely Earth to save you,  
we need to use reusable water bottles  
and say no to plastic.***

***Oh my lovely Earth to save you,  
we can try to use less paper  
to save trees.***

***Oh my lovely Earth to save you,  
we need to stop using so much water  
because water is being wasted  
as fast as a cheetah.***

***Oh my lovely Earth to save you,  
we really need to remember  
to always reduce reuse and recycle.***

***Oh my lovely Earth to save you,  
we should listen when you  
whisper to us please don't litter***
