

Recycling is the best way to make the earth smile

Earth day should be every day

If the earth stays clean no one will be mean then the  
grass will be green!

Let's make the earth look like a new car

Earth should never be dirty

The forest should stay green and big

No more pollution!

Let's get outside and clean the earth

We need to keep the waterfalls running

We need to keep the jungles thriving

We need to keep the oceans blue

Let's keep the earth clean.
