

# Ode To Earth

By: Lauryn Collazo

*Oh dear Earth-*

*If we don't clean you up soon,*

*You are going to explode!!!!!!!!!!!!!!*

*Thank you for giving us a great place to live-*

*but we need to keep you very healthy.*

*You are important to people, animals insects,*

*We need you here.*

*We want you here.*

*Oh dear Earth-*

*We get it,*

*You're on the tip of an iceberg.*

*If you stay, we promise to keep you clean.*

*Keep the air from being polluted,*

*Stop using plastic as much,*

*Unplug stuff when we aren't home-*

*This is our home-*

*Please stay.*

*Oh dear Earth,*

*Animals are dying,*

*we are releasing all these balloons,*

*dropping plastic-*

*You are crying, because animals are dying.*

*Recycle the things that need to be recycled-*

*We all love you, in all our hearts.*

*Happy Birthday Earth.*
