

Oh, Sweet Earth🌍

By: Logan Bozydaj

Oh, sweet Earth how amazing you are
You give us a place to live and enjoy
A place to dance and jump around
But how we have ruined this place
By leaving trash all over the place
We need to fix this quite soon
Or we will have nowhere to live
Oh, sweet Earth How dearly sorry I am
We humans have trashed you
But I have a plan to fix you!
We shall pick up are trash
We will recycle are garbage
Since it can still be used for other things
Oh, sweet Earth
We will fix you
Dont you worry
