

I am thankful for the heroes in my life

My father for the time he spends with me

My mother for the care and love she gives to me

I am thankful for the heroes in my life

My grandparents for the support that they show me

My aunts, uncles, and cousins for the joy they spread around me

I am thankful for the heroes in my life

My friends for the memories they create with me

My teachers and coaches for pushing me

I am thankful for the heroes in my life
