

WOMEN'S EMPOWERMENT MONTH WITH SENATOR JOSÉ M. SERRANO

Every May, the New York State Senate honors and celebrates the phenomenal women living and working in the state, and whose contributions have enriched our communities. In that spirit, our off-site constituent hours this May will focus on connecting women in our communities to vital health services and small business opportunities available to support and empower them. On select days, we will be joined by representatives from NYC Health + Hospitals (Lincoln Hospital and Metropolitan) as well as the NYC Business Solutions Centers in the Bronx and Upper Manhattan.
