

New York State Dwyer Coalition Proposal

The Hudson Valley National Center for Veteran Reintegration (HVNCVR) has worked tirelessly to build a strong coalition with existing and emerging Pfc Joseph P Dwyer Programs throughout New York State to ensure the needs of Veterans returning home from military service get the continuum of care they deserve. While no two Veterans are the same, the coalition works to speak with one clear voice about the struggles Veterans face and how the Dwyer Programs assist them with successfully reintegrating into civilian society. With the expansion of the Dwyer Program to every county in New York State, there will be an even greater need to provide a single location for resources and a platform to support the work of each Dwyer Program on behalf of Veterans.

HVNCVR established the NYS State Dwyer Coalition in 2020, prior to becoming an official recipient of the Dwyer Program grant. Our passion for this program and desire to continue developing this coalition requires additional resources and dedicated attention. The expansion from 25 counties in size, with the expected growth to 62 counties will significantly impact the deliverables of quality of service. The resources below are critically needed to help build and sustain the NYS Dwyer Coalition:

Central support:

Coordinate educational resources, directory of community partners and coalition members by:

- Hosting monthly webinars (MST, Understanding Service Connections, Self-care)
- Training (Suicide, Mental Health, Self Care, MST, PTS(D), substance abuse)
 - Utilizing Community- VA Health Care
- Speaking at conferences and discussing the peer-to-peer model of the Dwyer Program
- Traveling to counties with outreach materials and assembling relationships with community partners (Faith base, medical facilities, law enforcement Relationships)

Provide guidance to individual programs regarding best practices and sharing resources by coalescing the needs of Dwyer Programs into information for elected officials.

- Build and maintain a Dwyer Program Website and facilitate communication among programs
 - The website will provide updated and direct linkage to County Programs
 - Information and resources will help connect Veterans in each county
- Build and maintain social media content
 - Create a Facebook page that highlights all Dwyer Programs
 - Create a YouTube page with videos that explain and discuss issues and barriers experienced by Veterans and how peer-to-peer assists those challenges
 - Create a Twitter page that shares recent and current stories from all Dwyer Programs
- Coordinate Monthly Meetings of Dwyer Program representatives (1.5 hr teleconference)
 - Meetings will be attended by guest speakers
 - Allow all Dwyer Programs to collaborate and share resources
 - Guide and coordinate questions to correct representatives
