December 2021

The Honorable Andrea Stewart-Cousins
Temporary President and Majority Leader
New York State Senate
Albany, New York 12247

Dear Leader Stewart-Cousins:

Thank you for your outstanding leadership, vision and guidance during a most productive 2021 Legislative Session. I am still humbled by the trust you placed in me to Chair the New York State Senate Standing Committee on Corporations, Authorities & Commissions and to fashion our collective work in a way that benefits every corner of the Empire State.

The year 2021, much like its predecessor, has been a year virtually without parallel--but together, member-by-member, as Committees and as a Conference we met the continuing COVID pandemic head-on with thoughtfulness, deliberation, action and skill. We had a very productive year—from a policy and legislation standpoint as well as considering and deliberating upon nominations—and conducting a number of hearings. Consequently, I am pleased to officially transmit the Annual Report of the Senate Standing Committee on Corporations, Authorities & Commissions for the 2021 Legislative Session.

Throughout the 2021 Legislative Session, the Committee met six times. We had five committee meetings to consider legislation; in those meetings we passed 40 bills—including a number of important reform proposals, economic development initiatives, legislation to empower Minority & Women Owned Business Enterprises (MWBE's), policies to support our people in the time of COVID-19, legislation to help many not-for-profits, including cemeteries and bills of local importance to members. Additionally, we held one committee meeting to consider a multitude of important nominations to Mass Transit Authorities, the Authorities Budget Office, Empire State Development and the Gateway Development Commission, among others.

In the face of a spectrum of challenges, the Committee was active in many other ways, including through Metropolitan Transportation Authority (MTA) Budgetary and Oversight Hearings focusing on East Side Access and a comprehensive review of the finances and projections of the authority in the aftermath of COVID-19 and receipt of federal aid and to review the implementation of the Transformation Plan.

My thanks to my Committee members and legislative partners, Senators Shelley B. Mayer, James Skoufis, James Gaughran, Jessica Ramos, Mike Martucci and Ranking Member Mario R. Mattera. I look forward to a productive and successful 2022 and in the interim, I remain...

Yours in Service,

COMMITTEE JURISDICTION AND OVERVIEW

The New York State Senate Standing Committee on Corporations, Authorities & Commissions has legislative oversight responsibilities over a vast range of issue areas including the Authorities Budget Office, State and Local Authorities such as the Urban Development Corporation, Port Authority of New York/New Jersey, the Metropolitan Transportation Authority (MTA) and the Dormitory Authority. In addition, the Committee is the principal originator of bills concerning the following areas of law: Benevolent Orders, Business Corporations, Cooperative Corporations, General Associations, Limited Liability Company, Not-For-Profit Corporation, Partnership, Religious Corporations and the Waterfront Commission.

During the 2021 Legislative Session, 162 bills were referred to the Committee for its review. Of these bills, 40 were reported from the Committee—26 were passed by the Senate, and 18 passed in both houses. Our bill-focused work was conducted through a series of 5 committee meetings. A list of all bills that were reported from the committee is provided at the end of this report.

In addition to its regular legislative meetings, the committee held a total of 3 Public Hearings, which are also detailed in a subsequent section of this report.

COMMITTEE HIGHLIGHTS

The following key bills were acted upon by the Committee this year and subsequently signed into law:

Empowering Cemeteries To Merge

S.6257-A (Comrie) | A.6971 (Paulin) This chapter represents a three way agreed upon compromise on the issue of state regulated cemeteries who wish to lease cemetery property not currently in use for burial purposes. This bill standardizes the review process, sets requirements for applications, and includes transparency and consumer protection requirements while mandating that the land be returned to burial space at the conclusion of the lease.

North Shore Water Authority

S.6707 (Gaughran) | A.7654 (Lavine) To save families, individuals and other customers money, and to provide certainty this bill creates a new public benefit corporation called the Water Authority of North Shore to take over the water supply system in the northwest portion of Nassau County, currently owned and operated by New York American Water.

South Shore Water Authority

S.5527 (Brooks) | A.6393 (Griffin) To save families, individuals and other customers money, and to provide certainty this bill creates a new public benefit corporation called the Water Authority of South Nassau to take over the water supply system in the portion of Nassau County south of the town of Hempstead currently privately owned by New York American Water.

NFP Corporation Reform

S.3265 (Comrie) | A.213 (Paulin) In the name of transparency, accountability and good governance, this bill requires not-for-profit boards that choose to merge, consolidate or dissolve to do so via a two-thirds vote, which is the standard for other forms of board action.

Remote Board Meetings

S.1182 (Benjamin) | A.1237 (Paulin) This pandemic-related bill explicitly provides authority for not-for-profit corporations, religious institutions, and cooperatives to hold meetings of shareholders, members and trustees, through remote communications to the extent the board of that organization authorizes that participation.

DASNY Bond Cap

S.6312 (Comrie) | A.7688 (Paulin)

This Dormitory Authority (DASNY) Departmental Bill raises their bond cap for hospital and nursing home projects from \$16.6 billion to \$17.4 billion. This funding flexibility will be used to help hospitals, nursing homes and other related facilities respond to COVID and proactively prepare for future public health emergencies.

Support For New Businesses

S.113-A (Kaplan) | A.6508-A (Stirpe)

This law requires the proactive provision of helpful information by the Secretary of State to new businesses—providing, at a minimum, that they are aware of the vast array of supportive services New York offers to business entities, including those undertaken by: (1) The Small Business Development Center; (2) The Entrepreneurial Assistance Center; (3) Business Mentor NY; and (4) Empire State Development. This bill would ensure that new business owners have clear directions to critical resources upon inception—which is the most important time in the life of a new business.
