Senator Toby Ann Stavisky, Chair of the Higher Education Committee, supports the decision to move all SUNY and CUNY schools to a distance-learning model

"I support Governor Cuomo and SUNY/CUNY's decision to move all SUNY and CUNY schools to distance learning. While this will undoubtedly present challenges to our student body, it is important that we listen to the advice of our top health officials until the coronavirus crisis is under control. It is now important that we focus on making this transition as seamless as possible, and ensuring all SUNY and CUNY students have the necessary resources to continue their education."
