Senator Jessica Ramos

Dear Sen. Metzger and Sen. Ramos:

We are pleased that you are taking the time to host public hearings on the proposed Farmworker Fair Labor Practices Act. However, we are concerned with the effectiveness of the proposed hearings as they exclude significant portions of the state.

Although hearings in Madison, Sullivan, and Suffolk Counties are a good start, the proposed initial schedule ignores large portions of the state. The Capitol Region, the Hudson Valley, the Southern Tier, the North County, and Western New York are all robust, diverse agricultural communities; farms and farmworkers in those regions deserve input.

As you are aware, agriculture is the leading industry across much of our state and works to directly support approximately 200,000 jobs across 35,000 farms – many of them small and family-owned. With such a dramatic overhaul proposed to this industry and our state's economy, it is essential to maximize participation across our state's diverse regions and agricultural sectors.

We would all be happy to help you coordinate a hearing in our regions, so please use us as a resource. We appreciate your commitment to gathering public input on this legislation.

Sincerely,

A handwritten signature in black ink that reads "Robert G. Ortt".
