

# EARTH DAY

## EARTH DAY

### What is Earth Day?

Earth Day has become one of the most widely celebrated environmental events across the globe. On this day, events are held worldwide to increase awareness and appreciation of the Earth's natural environment. Currently it is celebrated in more than 170 countries each year. It was originally celebrated at Spring Equinox around 21 March every day but since the United Nations has designated 22 April as the International Mother Earth Day. Earth Day Network coordinates this annual day across the globe.

**Earth Day:**  
**YOU can make a difference**

Earth Day is all about appreciating the uniqueness of our planet Earth with its incredible biodiversity. On this day various national and international activities are conducted to understand the biodiversity and how should we protect our nature - plants, animals and environment.

**Wanna Future? Recycle!!**
