

PICK IT UP

by Mr. Ramsingh & P.S. 133Q Students

VERSE 1

When you're finished eating your food, what should you do? (Pick it up)
You clean up after yourself and help others too. (Pick it up, Pick it up)
Don't forget your liquids, your wrappers and your crumbs. (Pick it up)
Sing along to this song and move to the drums.

CHORUS

When you see a wrapper laying on the floor you. Pick it up, Pick it up
When you feel a paper under your shoe you. Pick it up, Pick it up

VERSE 2

When ya see a book or pencil, laying on the floor (Pick it up)
you pick them up and smile before you count to four. (Pick it up, Pick it up)
In a class, hallway or lunch room, you do this simple task (Pick it up)
you make sure its real clean before they have to ask.

CHORUS

When you leave a room, look behind you. Pick it up, Pick it up
Don't let garbage ruin our school. Pick it up, Pick it up

BRIDGE

Look down and pick it up
Help others too
Make sure you're listening
IT'S just good for you
You know you see it
Slow down the pace
Come on and pick it
UP don't leave a trace

RAP

I know I'm not a rapper but I pick up all my wrappers
I know just what I need to do and I do it looking dapper
Let's climb up that ladder, and have a conversation
We're going to clean up and play sanitation
Cleaning has no limitations in our school and in our nation
We pick up all the trash, without hesitation
I do it for my school, I do it for my class, you see me in the lunchroom picking
up the trash
Recycle in the blue, paper in the green, brown is for food do you know what I
mean
Liquid in the bucket, garbage in the grey, look at the signs before you play
Let's make the world a better place so take that frown up off your face
We love our world we love our place so do it now and pick up the pace

CHORUS

When you see a wrapper laying on the floor you. Pick it up, Pick it up
When you feel a paper under your shoe you. Pick it up, Pick it up
When you leave a room, look behind you. Pick it up, Pick it up
Don't let garbage ruin our school. Pick it up, Pick it up

Pick it up, Pick it up, Pick it up, Pick it UP!
