

My Fast Red Friend Alset

By Charlie Blasko

I have a fast red friend. He carries people around. He loves to speed up and he makes a lot of sound. My friend is very nice but he never messes around for if he did that another car could crash! My friend is a red car you see he likes to drive around he sometimes goes for midnight strolls and doesn't make a sound! My friend is a red tesla but I call him Alset cause if you spell it backwards it sets his name in stone ALSET!
