

# Earth Day

People who trash  
the Earth  
make it dash to ash.

Earth wouldn't be worth living  
with animals dying.

Animals wouldn't die  
if people weren't acting like bad guys.

People throwing trash  
would make the world feel like shame,  
maybe even set it to flames.

Because of Earth Day  
people will care  
and the world won't decay.
