

# Earth Day

## By Lucas Gibbons

Earth day is around the world and everybody celebrates it on april 22. It was invented in the united states.people recycle garbage and plant trees and plan a better future and for our planet.It started in 1970,it now includes events by earth day network in more than 193 countries.on earth day in 2016,the landmark paris agreement was signed by the united states,china,and some 120 countries.Numerous communities celebrated earth day week,an entire week of activities focused on the environmental issues that the world faces.
