

Name Noelle Jones

Let's save the Earth by cutting down on plastic use. Instead we can use refillable water bottles and parchment paper chip and sandwich bags.

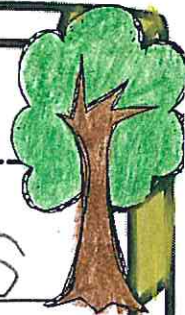

Another way to keep the Earth safe and healthy is by recycling paper and plastic, etc. A third way to help save the Earth is

Name

Noelle Jones

to keep our oceans clean. This is important because we want to protect the sea life. Also if the ocean is not clean it will effect us too. We need to keep our oceans clean for us. Cars-let's talk about cars. We have started to make better cars to cut down on carbon dioxide, which polutes the air we breathe. We all have to come together to save the planet we live on!
