

Reduce Reuse Recycle Poem

By Mason Kelleher

Trees are the key to Earth life because they make air so they help us live. Reduce, Reuse, Recycle, Reduce, Reuse, Recycle...

If we Recycle we can use less bottles because when we Recycle you dont waste bottles.

Reuse when you have a paper plate, grab a glass one because you can Reuse it.

When you Reduce you can throw away trash. Don't throw it on the ground, throw it in the garbage!!
