

Make Earth Clean.

Shane Zakursky- PS/IS 48 Grade 6

*We love this land,
So give a hand,
And don't pollute,
But salute,
So we can keep Earth clean,
And we can keep it green.*

*Start recycling ,
And make it a cycle,
So earth can be clean, and it will stay green!!!!.
If you recycle ,
You will make a cycle,
Of creating and saving resources ,*

*With a lot of trash and pollutants on earth,
The oxygen is becoming unheard.
You can't just do NOTHING!
It is a group effort and spread the word.*

From shane :)
