

# Earth day

Earth day is a special day that helps us understand how much we need to protect our earth and make it healthier! You can plant a tree, recycle, clean up dirty garbage on the streets, and more! If you do these things the earth will slowly start becoming an even better place than what it already is!

# Earth day poem!

Our Earth is very special, there is just one

It gives us water, soil, and sun

Let's all lend a helping hand!

You can save water, and plant a tree

Make a better home for you and me

Recycle things don't throw away

Make everyday an Earth Day!

Earth day will always be an amazing day for everyone, people are trying to make our earth a better place each day. If you lend a hand and do some amazing things to save our earth, earth will be healthy and we won't have to worry anymore! Have an amazing Earth day!
