

# Trash Is So Much More Than Garbage

## By Joshua Slick

*Trash is more than what you see  
some pick it up, some let it be.*

*If you find it in an alley or  
on a street, put it in a plastic bag  
don't kick it with your feet.*

*If you find a piece of metal you  
can melt it down  
create a robot, car or even a crown.*

*Sometimes cars crash, sometimes cars Smash  
You can melt down the metal  
Rubbish and junk  
Use your imagination  
And make a metal skunk!*
