

THE
Earth Is Our Home

Poem by Natalie Seedhorn

The earth is our home for everyone to enjoy
It is our land that no one should destroy
Our planet is extraordinary
There is only one
It gives us soil, water, and sun
The earth is important
Keep it clean
Make sure the forests stay green
Be aware
Do your share
Show the earth that you really care
Reduce, reuse, recycle
Our earth is very vital
Don't ever abuse
Sweet mother earth, it is ours to use
