

Help Our Planet  
by Joseph Leon

Use less electricity  
And eat less meat  
Or the effect on our environment  
Won't be neat

If you commit to being greener  
You could help make the world cleaner  
Use less water  
Or the world will be much hotter  
Just help save our Earth

If you do these simple tricks  
You'll be Earth's friend  
And in doing so  
You can help prevent it's end!
