

Protect Earth!

Protect our planet!

By Sabina Korogodsky, Class 3-409, PS 122 Queens

Earth day 1

Earth day, the day we protect our environment.

We plant trees, flowers, and other plants,

We shut down factories to protect air.

We clean up the streets,

We make a compost pile.

We plant an organic vegetable or herb garden.

We plant an organic vegetable or herb garden.

We do a lot of things,

Let's protect our planet every day of the year!
