Earth Day Every Day

Earth day could be every day if people would ,Don'tLiter, Limit using gas, and Recycle. This is how to make Earth Day Every Day.

One way to celebrate Earth Day is to Recycle. People can recycle trash. Another way people can recycle is to make boxes out of coder. A third way you can recycle is paper.

Another way to celebrate Earth Day is to Limit using gas . One way you can limit using gas is to drive less. Another way people can limit using gas is to not keep your car on if you are using it . A third way you can limit using gas is do not go fast to limit using gas.

A third way you can celebrate Earth Day is by not littering . One way you can not litter is to pick up trash. Another way you can not litter is to put it into the bin that the trash and cans. A third way you can not litter is to pick up cans and put it into the bin. That is how to celebrate Earth Day Every Day.
