

Ode to Earth Day

By-Olivia Figueroa

Oh Earth day -why can't you be every day?

We could recycle every day instead of play

Mother Earth - why can't we make earth day every day?

We could plant flowers

How beautiful it would be

We should make earth day every day

Pick up garbage for the earth

Don't litter in the ocean

Think of the things that can be harmful

Think of the things you can do

How easy it would be

Oh Earth day why can't it be every day?
