

WAYS TO MAKE EVERYDAY EARTH DAY

Anyollie Reinoso

Mother earth is our home,
roam the earth, with the
birds in the sky, in my eyes,
the Mother earth cries for
help, let's pick up some
garbage and don't leave it
there I'm doing my part by
saving our planet, you should
do the same so our planet
doesn't go away, stop littering
and start saving more light so
mother earth won't cry.
