I am thankful for a lot of things, but I am most thankful for the people in my life because they help me when I have trouble with things or if I just need help overall.

I am thankful for my parents because if I did not have my parents I wouldn't have a house, I wouldn't be able to eat every day. My parents give me food and put a roof over my head. Even with five kids and another one coming they manage to still feed us and pay the bills.

I am thankful for my teachers who give me an education. They push me to the best I can do. They teach me important things that I need in life. Sometimes they do fun projects so that we don't get bored all the time.

I am thankful for my siblings. Sometimes I might be mean to them and they might be mean to me and annoy me but I still care about
them no matter what they do. I am thankful for them because then I don’t have to be the only child and not be bored all the time.

I am thankful for more things, but I am mostly thankful for these things. They are the best things I have.
