What I am thankful for:

What I am thankful for Thanksgiving and for the whole year is that I have a family than cares for and about me, a house to live in, everything that I need and want, and an education.

I am thankful that I have a family that gets what I need and what I want. I don't know what I would do without them. They gave me an education, place to live in, food, clothing, everything that I need. They have given me countless chances and helped my through countless situations.

I am thankful that I have a house to live in that protects me from the elements and gives me a safe place to sleep in every night. A house that I can go to every day. Where everything that I have is. That it protects me and everything I have from the outside world.

I am thankful for having everything that I need to survive in the world and everything I want. Clothes, food, shelter, etc, and Lego, books, extra education, a flute, etc. That I can feel happy about what I want and glad that I have what I need.

I am thankful for an education. I am thankful that I have a school that I can go to and to learn all sorts of things so I can prepare myself for real life and real life problems like how to make money and survive on my own.

Overall, What I am thankful for Thanksgiving and for the whole year is that I have a family than cares for and about me, a house to live in, everything that I need and want, and an education.
