

Things I am Thankful For

Aaron Basov

The top 3 things I'm thankful for is family, friends and food/drinks. I am thankful for my family because my mom made me and my dad does everything for me. Also he drives me every where. My grand mother cooks for me and my aunt knits. My brother makes me laugh and my grandfather builds me stuff. I am grate ful for friends because no matter what there nice to me. They help out and buy stuff for us. They pay for us when we go out together. They are truthful and never lie.

I also appreciate teachers because they teach me stuff that I don't know. They are nice to me and respectful. They will get me a good work to get a lot of money. They made me really smart. These are the things I am thankful for
