Thanksgiving is about giving thanks to each other and to be thankful for what you have like family. It's a time for being extra nice to everyone. The holiday was started from the pilgrims.

I am thankful for America. I is a safe place to live. My family and I do not have to live in fear. I am thankful for my family because without my family I couldn't live or be here. I also wouldn't have any person to care for me and love me. I am thankful for police officers because they keep us safe.

This is what I am thankful for Thanksgiving my parent and my country and police officers.
