

Giving Thanks

By Ashley Perez, Class 4-317, P.S. 238

It's Thanksgiving time!! Who are you thankful for? I'm thankful for my mom, dad, sister and friends.

I am thankful for my mom because she cooks all the time. My mom loves my family and my family loves her. My mom is always careful with my baby sister. She makes sure we are all protected from all the dangerous things in the world. Whenever I am sad she says "want to play?" No one could replace my mom. My mom is the best mom I could have.

I am thankful for my dad because when my mom is at work my dad cooks or orders food. My dad always buys me toys. Sometimes he plays with me but mostly he's at work. My dad loves me and I love him. Whenever I come home from school he helps me with my homework. My dad is nice. He's awesome no one could replace him.

I am thankful for my sister because she makes me laugh. My sister plays with me a lot! She loves me so much. She is my sunshine. She makes my day bright. She's cute in pajamas and in anything else. She is so sweet. She loves my family and they love her.

I am also thankful for my eight amazing friends, Alia, Deyna, Jasmin, Camila, Janellii, Olivia, Jannat and I met two friends in after school and they are Maria and Tatiana. I love them because they are always there for me. They always have my back and I have theirs. They help me solve problems when I really need help. They are amazing I wouldn't be able to learn new things without them.

In conclusion, those are the people I am thankful for this Thanksgiving.
