Gratefulness writing

I am grateful for my family. I am grateful for them because I love them and they are a part of my life. They are my parents and my grandma. So that is why I am grateful for them.

What the next thing I am grateful for is, my friends. I am grateful for them because whenever I am sad they help me. They are really nice and kind. They are also so kind that they help others too.

The 3rd thing I am grateful for is Ms Garrow. She is the best teacher ever and she is SUPER kind. I am grateful for her because she is helpful and kind and also thankful. She is the best teacher ever. And that's why I am grateful for her.

That's all the stuff I am grateful for.
