

# Thanksgiving

This Thanksgiving I am thankful for three reasons. First, I love seeing my family for Thanksgiving. Now I can see all of my family who came from Pennsylvania during the holiday. Next, I like to have my family being healthy. I don't want my family being sick because they are wonderful people. Finally, I am thankful that my family is safe and that they have a home. We like to play games in our home. In conclusion, this Thanksgiving I am thankful for family, health, and home.
