Grateful

I am thankful for a lot of things. Here are three things I'm thankful for. One thing I'm thankful for is my mom for buying me clothes, food and paying the house bills. Another thing I'm thankful for is my health. I get food to eat and water to drink for my body. I also get exercise once a day. A third thing I'm thankful for is my house. It keeps me warm. It has a lock so intruders can't come in and it has light so I can see when it's dark. In conclusion, I am very thankful for these things.
