*This Thanksgiving I am thankful for three things. First, I am thankful that my family is nice to me. One example is that my family feeds me everyday. Another example is they give me love. Next, I am thankful for my health. For example, my parents make me eat healthy. Another example is I am healthy. Finally, I am thankful that I have a house. One example is my mom pays the bills. Another example is that I can eat food in my house. As you can see these are three things I am thankful for.*
